

The Howard County Historical Society

Celebrate the opening of the new Ellicott Mills Children’s Museum and construction of a new patio by:

Donating an Engraved Paver for the New Courtyard Patio

Construction of a new courtyard between the Ellicott Mills Children’s Museum and Museum of Howard County History has begun. Take advantage of the opportunity to donate a personalized engraved, 4” X 8”, paver to be included in the border around the bluestone patio installed by Planted Earth from Westminster. Each paver may be engraved with three rows of 14 characters. All letters will be capitals and punctuation will count as a space. Special characters will not be available. Installation will be by fall of 2022 and you will be notified when your paver has been installed.

Please complete this form, enclose a check for \$150 made out to the Howard County Historical Society, and send to 9421 Frederick Road, Ellicott City, MD 21042. Please mark the envelope to the attention of the Courtyard Paver Program. Credit card purchases may be made via phone, 410-480-3250, or in person at the Society Archives at the Miller Branch Library.
